*** What IS a “CAC” you ask? Good question!**

The Community Advisory Committee (CAC) is a parent-driven group formed to advise the SELPA on issues which affect children with special needs. Family members, teachers, administrators, community representatives, and others are welcome to attend.

“I like meeting other parents of kids with special needs, and getting to know teachers, administrators & other specialists. It’s a way for parents to connect and to have a voice in policies that affect our children.”

“Even if my child does not have an IEP, she has needs. I learn techniques from the high-quality presentations that I can apply with my child.”
